Lenco LS-40 WD - gramofon sa ugrađenim zvučnicima

volume, use external speakers and the RCA connection on the back of the record player. This way, every room is filled with music. The record player also has an AUX input.

At Lenco, we know better than anyone that you want to take special care of your vinyl, which is why the Lenco LS-40 is semi-automatic. After the record has finished playing, the needle will automatically return to the armrest. This prevents scratches, so you can enjoy your beloved records for longer.

The Lenco LS-40 has a dust cover to ensure your turntable remains dust-free when not in use.

Included is a CE-UK multi-plug AC adapter.

ITEM NUMBER LS-40WD
