FEATURES AND SPECIFICATIONS

• Compact, music production instrument that integrates powerful software with tactile, responsive hardware
• Four ways to input sound using the 16 pads – drum in pad mode, play melodies in Keyboard mode, create chord progressions in Chord mode, and program in a classic step-sequencer style from Step mode
• Use the software on its own or as a VST, Audio Unit, or AAX plug-in in all major DAWs (including Ableton Live, Pro Tools, Logic Pro, and FL Studio)
• 1.6 GB MASCHINE Factory Selection with samples, one-shots, loops, sample instruments, presets, patterns, drum kits, and songs
• Same software as MASCHINE MK3 / STUDIO / JAM – includes 25 pro-quality studio and creative FX including filter, EQ, delay, reverb, and compressor
• 16 large, velocity-sensitive pads for easy two-handed drumming
• Dual-touch Smart Strip lets you slide your fingers to strum instruments, bend sounds, use Perform FX, and more
• Push encoder and screen for browsing, navigating, adjusting volume levels and panning, and controlling parameters
• Powered via USB 2.0
• Classic groovebox features including 16 pad velocity levels, swing, pad link, note repeat, step sequencer, and vintage MPC60/SP1200 sampling emulation
• Powerful mixer, arranger, and sampler for full creative control over your tracks
• A doorway into the Native Instruments sound universe – easily expand your library with KOMPLETE, Expansions, and enjoy perfect integration with any third party NKS-certified instruments and effects
