WiiM Amp Space Gray - mrežno pojačalo

Šifra: 18617
Kategorija prozivoda: Hi Fi Pojačala
Proizvođač: WiiM

Cena: 339,00 EUR

Its compact design allows seamless integration into any TV unit or hi-fi rack, discreetly tucked away. With versatile connectivity, it effortlessly pairs with TVs, gaming consoles, and smart TV boxes to meet a variety of your audio needs. Moreover, its smart app facilitates wireless music streaming from your smartphone or other devices via popular streaming services. Just connect speakers and enjoy music that never lacks in strength or clarity thanks to 60W continuous power per channel at an 8-ohms load.

Despite its compact size, the WiiM Amp has HDMI ARC, Sub Out, and USB ports, allowing local music playback via USB and easy integration into your existing home audio system. While there is no dedicated headphone output, the Amp goes a step further by offering Bluetooth compatibility. This feature enables pairing with Bluetooth headphones, serving as your personal, wireless music source. Pick up a WiiM Amp today to start downsizing and modernising your hi-fi system.

Compact yet Powerful
Don't be deceived by the compact design of the WiiM Amp Streaming Amplifier. Encased in a sleek aluminium shell, this versatile device offers more than meets the eye. Its innovative circuitry and premium components ensure robust and crystal-clear amplification. Despite its size, it delivers a whopping 60 Watts per channel at 8 ohms and 120 Watts per channel at 4 ohms, transforming your passive speakers into powerful audio machines. The custom-designed heatsink guarantees optimal thermal performance, ensuring your device stays cool even at peak performance.

Unparalleled Audio Experience
The WiiM Amp Streaming Amplifier is not just about power; it's about delivering an unprecedented audio experience. Its Total Harmonic Distortion + Noise (THD+N) of just 0.002 (-93 dB) at 5W and 98 dB SNR ensures nearly flawless audio reproduction, allowing you to hear the music exactly as the artist intended. Whether you're watching your favourite show, a thrilling movie, or playing a video game, the WiiM Amp's HDMI ARC port will immerse you in rich stereo sound. For those seeking an extra kick, simply add a powered subwoofer and transform your living room into a home theatre paradise. With the WiiM Amp, every sound will be elevated to a whole new level.

One-Stop Audio Control
Experience the ultimate control over your audio universe with the WiiM Amp Streaming Amplifier. This device is your gateway to effortless management of your sound system, offering you the ability to adjust speaker volume, set alarms, and tweak EQ settings all in one place - the WiiM Home App. But that’s not all, it also allows you to stream from top music platforms, making it a perfect match for music enthusiasts. And if you have a favourite music app? No worries, play directly from it. The icing on the cake is the hands-free voice command remote that works with Alexa, Google Assistant, or Siri, making control just a word away.

Features
Control via the WiiM Home App or with the voice command remote included with this amp
Utilise 24 presets, 10-band graphic EQ or 4-band parametric EQ in the app
Compatibility with popular music streaming services including Spotify, iHeartRadio, Tidal, and Amazon Music
Compact aluminium shell with HDMI ARC for use in a small home theatre system
60 Watts of power per channel at 8 ohms is plenty for a small home theatre or standard stereo hi-fi setup
Subwoofer output enables the addition of extra bass in your system
Stream your collection of digital music in studio quality across multiple WiiM devices
WiiM Amp acts as an always-on media server keeping your music indexed and accessible at all times
Plug in your personal collection of music via USB for wider access
Use Bluetooth to connect wireless headphones for personal listening sessions
