10” high-performance woofer
1” compression driver
Feedback Eliminator
Music Ducking
Standard Pole Mount + Wedge Design for Floor Monitor Use

Powerful Sound

Mackie Thump210 offers astounding power for its size. Combining Class-D amplification, 1" compression driver and 10” woofer, this loudspeaker offers the room-filling performance that makes Mackie a legendary name in live sound.

Lightweight Build

Gigging DJs and musicians feel every extra ounce of weight, and venue owners have to account for each

square inch of precious space on the floor. Mackie Thump210 delivers the volume you need while staying conveniently small and lightweight for a professional loudspeaker.

Feedback Eliminator

Ever get a little too up close and personal with the microphone only to hear a loud, ear-destroying squeal? That’s commonly known as feedback. And it’s an unfortunate issue that physics won’t change its mind on. But wait! Hit the Feedback Eliminator button and laugh in the face of those silly acoustic laws.
Music Ducking

You’ve got music playing nice and loud but, it’s time for another announcement. Sure, you could mess with your levels every time, but who’s got time for that? Simply press the Music Ducking button, and channel 2 will automatically turn down whenever you speak into the mic on channel 1.
Input Flexibility

Dual TRS / XLR inputs plus a stereo 1/8” aux input ensure that you can plug in any combination of audio sources, including guitar, microphone, keyboard, media player and DJ mixer, without odd cables and adapters.

No Mixer? No Problem

The built-in 2-channel mixer on the rear panel combines the combo input jacks and the 1/8" line in, letting you mix multiple sources in a single speaker. The mixed signal is also available from the XLR “thru” output for sending to another speaker.

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
