KOSS KSC75 - on-ear slušalice

The

KSC75 Titanium's soft, foam ear cushions guarantee an open, hear-through sound for when you prefer to stay connected to your surroundings. Pivoting clips provide a better fit than most over-the-ear sports headphones.

Featuring a 2 µm titanium coating on its diaphragms, Koss KSC75s boast increased rigidity, minimized mechanical distortion, and exceedingly accurate sound quality and reproduction. Perfect for travel, the KSC75s deliver outstanding sound at home or on the move.

THE SOUND OF KOSS

Whether your listening at home or on the go, the Koss KSC75 delivers all the excitement of a live performance

EAR CLIP DESIGN

The unique pivoting ear clip design is the ideal headphone for music lovers living an active lifestyle

LIGHTWEIGHT DESIGN

Small enough to fit in your pocket, take the Koss KSC75 wherever you go

KEY FEATURES:

High fidelity clip headphones
Exceptionally wide frequency response
Computer-optimized neodymium, iron, and boron rare-earth magnet structures deliver amazing clarity at
