99.999% Oxygen Free Copper conductors
Oxygen free conductors will stand the test of time to provide you with the QED experience for life.

Quasi-balanced twisted pair geometry
Brings superior noise immunity to unbalanced audio connections by using a twisted pair for the signal and return paths thus introducing a level of common mode noise rejection not present in conventional cables.

QED Lifetime Guarantee
Precision engineered plug with integrated grip
24k gold plated RCA connectors firm and low resistance connection. Gold is used because it will not tarnish thus providing a long lasting low contact resistance connection

Dual electro-static shielding
Protects delicate signals against interference from external high voltages over long cable runs. The shield should ideally be connected at the source end, hence the directionality arrows printed on the cable jacket.
