Extended Tone Life – players report their tone lasts longer than any other string, uncoated or coated
Smooth feel that is easy on your fingers and enhances playability
Anti-Rust Plated Plain Steel Strings resist tone-deadening corrosion, ensuring a longer life for entire set

ELIXIR 12152 12-52 nickel plated steel NANOWEB - žice

Elixir® Electric Nickel Plated Steel Strings with POLYWEB Coating deliver their own distinct warm tone together with extended tone life.

Only coated string brand to protect the entire string with an ultra-thin coating, keeping gunk out of the gaps between the windings
Consistent performance and tone – ready to play whenever you are
Reduced finger squeak – good for both performance and recording
With less hassle and expense of frequent string changes, spend more time making music
